Albert Camus

An international french school

Lycée Albert Camus is an institution that enrolls students from petite section de maternelle to the terminale (pre-K to grade 12). It belongs to the AEFÉ network (Agency for French Education Abroad).

The school is accredited from la petite section de maternelle to the troisième (Pre-K to grade 9) and the request for the accreditation of the lycée (grade 10 to 12) is in progress.

We prepare our students for the diplôme national du brevet (DNB in grade 9) and the baccalauréat (in grade 12).

LAC's teaching methods are in accordance with the instructions and programs of the French Ministry of Education, whilst respecting the directions of the Egyptian Ministry of Education.

The school offers Arabic as of the petite section de maternelle (pre-K), English as of CP (grade 1) and Spanish as of 5eme (grade 7).

Mission & Vision

Our mission is to provide a stimulating and creative educational environment in which students thrive through focusing on academic excellence and overall development of the child; while based on the trilingual education and the multicultural exposure.

Our vision is to cultivate the mind, develop the intelligence and guide each of our students to become accomplished citizens, ready to take charge of the world of tomorrow.

School calendar

The calendar respects the recommendations of the French national education for the number of hours and days of teaching as well as the school rhythm.

It also tries to accommodate most of the Egyptian and French public holidays.

The academic year includes 36 school weeks, from the beginning of September to the end of June, according to a rhythm of 7 weeks of school followed by 2 weeks of holidays.

The header includes the school's name, 'Lycée Albert Camus', and the years '2019' and '2020'. The calendar shows various dates and holidays, with some dates highlighted in different colors.

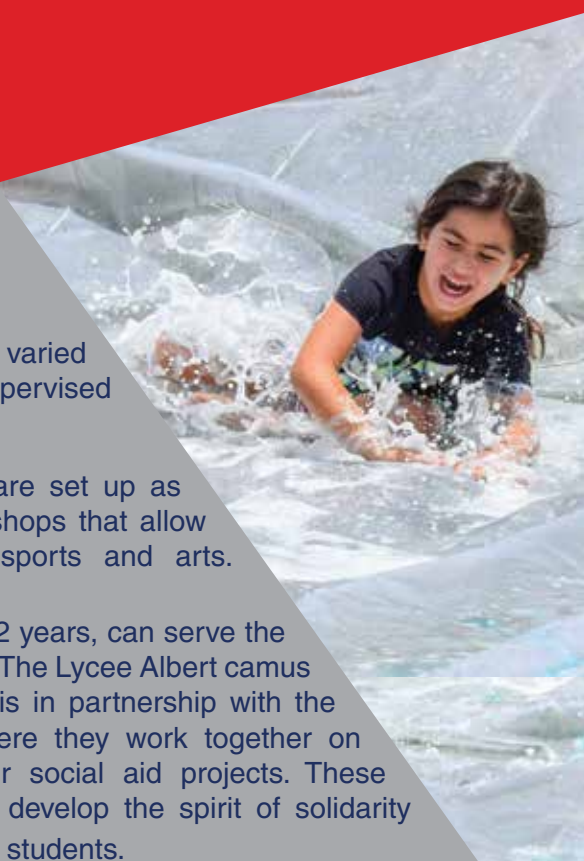

After school activities

The school provides numerous and varied after school activities that are supervised by professionals.

The extra-curricular activities are set up as after school clubs and workshops that allow the children to practice sports and arts.

Older students, as of 12 years, can serve the community by joining The Lycee Albert camus Interact Club, that is in partnership with the Rotary Club, where they work together on humanitarian or social aid projects. These projects help develop the spirit of solidarity among our students.

Finally, camps are regularly organized for all students as of the age 7. This gives them the opportunity to spend a weekend together during which they can benefit from a first experience of community life while practicing games and sports.

School trips

The school organizes numerous school day and overnight trips throughout the education years of its students.

The current travel program is as follows. It is subject to change every year.
